All Oakridge house and land packages are competitively priced offering true value for money including turnkey funding, meaning you pay a 10% deposit and the balance the day you get your keys. In our experience this is the preferred contract method when securing finance and a service we offer as a standard inclusion. We work closely with our contractors and suppliers to get the best product for the best cost which is reflected in our all-inclusive package pricing.

At Oakridge we are extremely proud of the relationships we have built with local tradesmen and suppliers, ensuring quality is delivered every time. We deal with one longstanding company per element of the build which has helped us achieve our average build time of 17 weeks. We are very thankful to everyone who makes an Oakridge home come to life, many of us working alongside one another for over ten years.

Our team has put immense effort in to streamlining the consenting process by working alongside the local councils and have formed great relationships with the team leaders guaranteeing our consents are handled as efficiently as possible. Oakridge has a reputation for providing quality documentation for our consent applications which helps ensure we receive your building consent in a timely manner.

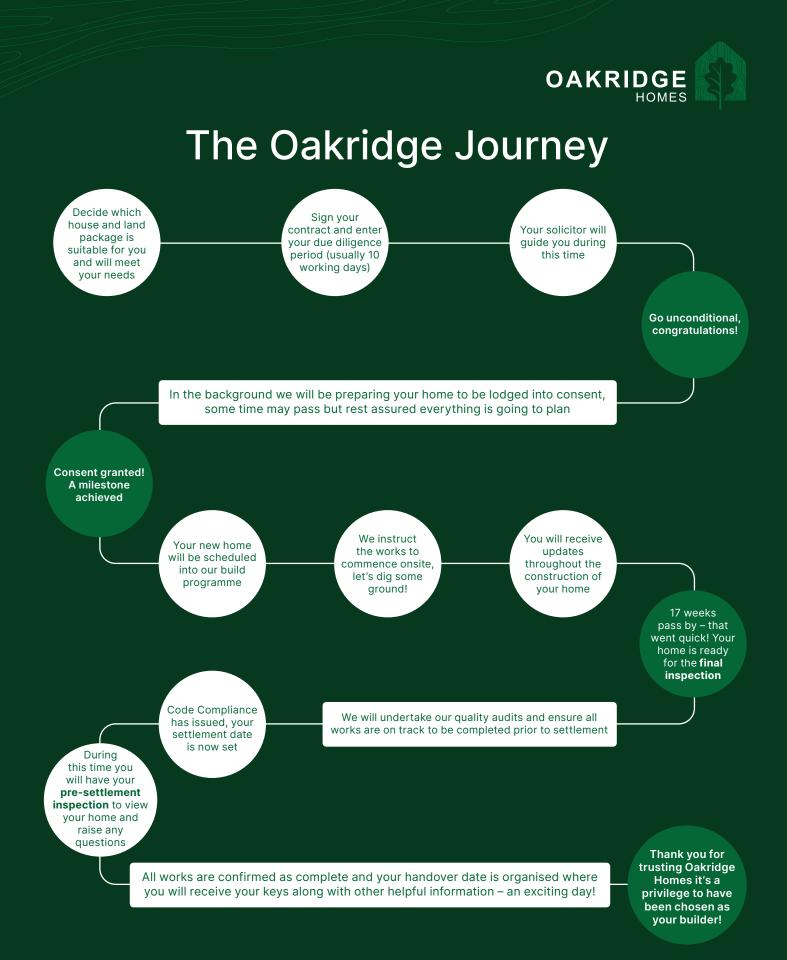

We understand that customers value quality and transparency which has been a major focus for Oakridge Homes, we offer a range of fixed price turnkey house and land packages that suit the majority of homebuyers.
